Melville, SK, S0A 2P0

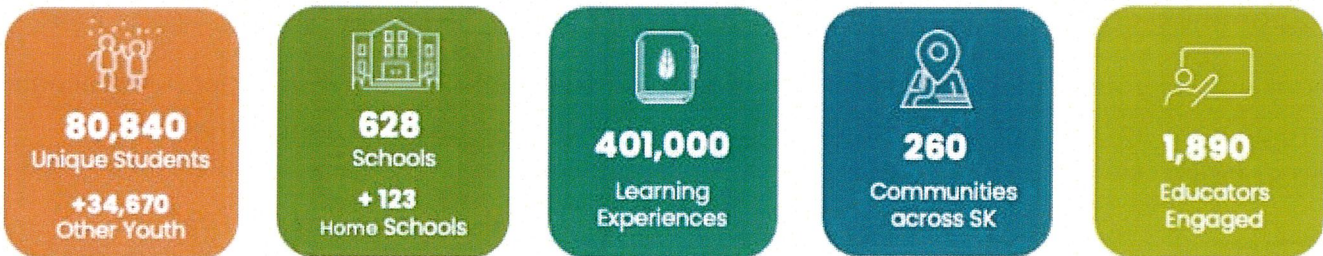

Dear RM of Cana No. 214,

On behalf of Agriculture in the Classroom Saskatchewan (AITC-SK), we extend our sincere appreciation for your ongoing support and investment in agriculture education.

Your partnership is instrumental in advancing our mission to connect students with agriculture through meaningful learning experiences. With your support, we delivered programming that increased agricultural literacy, encouraged informed decision-making, and built awareness of agriculture's important role in Saskatchewan's economy and communities.

Over the past year, AITC-SK continued advancing the implementation of our impact framework to better evaluate program outcomes and guide future decision-making. This work is strengthening our ability to invest in the programs and approaches that create the greatest impact and drive meaningful attitudinal and behavioural change.

Through these efforts, students and teachers gained opportunities to deepen their understanding of agriculture, explore career pathways, and connect classroom learning to real-world experiences. **In 2025, our impact included:**

Feedback from 191 teachers further demonstrates the value and relevance of AITC-SK programming:

- **63% implemented more than one AITC-SK program or resource**
- **76% reused and recommended AITC-SK resources**
- **100% reported they are more likely to continue incorporating AITC-SK programming after participation**
