Career Opportunity - Water Maintenance Operator

The Yorkville Public Utility Board is now accepting applications for a candidate to train and mentor to replace the current Water Maintenance Operator who will be looking at retirement in the near future. The position will progress from casual/part-time to full time with the end goal to take over the responsibilities as the Water Maintenance Operator over a period of two years. The Utility operates a rural water pipeline and a water distribution system. Duties include but are not limited to the following: monitor day to day operation of Water Distribution System, pumps, filters application of chemicals, lab testing, oversee line maintenance, installations, repairs and stand-by duties for call out emergencies as required. Qualifications include: Small water system water distribution Class 1 or able to attain Certification, and a Class 5 valid Saskatchewan Driver's License. The Utility Board will offer training to assist operators to attain the required Operator Certification in Water Distribution. Applicants are invited to submit a detailed resume outlining experience, education, qualifications, salary expectations and references to: Yorkville Public Utility Board Box 1880 Yorkton, SK S3N 3R2, email: yorkvillepub@sasktel.net. Office phone: 306-782-8886. Office fax: 306-782-8896. The position will remain open until a successful candidate is found. The Board wishes to thank everyone who applies but only those selected for an interview will be contacted.
